Faux Ceramic Vase

Thrift or reuse a bottle in a good shape and size for a vase. Wash away any sticker residue and spray with a primer. Choose a stone textured paint and apply liberally. Use airdry clay to design small motifs to add to the vase with hot glue for a personalized feel.

Scrabble Coaster

Turn an old or thrifted Scrabble tiles into coasters with personalized messages. You will need cork coasters and glue, along with the tiles for your message. Lay out your tiles on the cork coaster and glue them as straight as possible. Spray each coaster with a waterproof top coat.

Handwritten Recipe on Pie Plate

Turn any secondhand ceramic pie plate into a personalized heriloom. Pick a family recipe (past or future) and use a glass paint marker to transcribe the recipe onto the bottom of the plate. Let the pain cure for eight hours and then bake in the oven for 30 minutes at 375 degrees. Let cool fully before washing.

Decorative Bin

Need a decorative bin to hold all your holiday gifts? Grab a cardboard box in your desired shade and size, some wall/wrapping paper, spray adhesive, and spray paint. Cut off the top flaps and spray paint the inside of the box. Cut each piece of paper to match the size of the box. Next, spray the adhesive along the sides and wrap the box in paper, making sure to snip the corners that should fold over the top edge.
